Ian Landles

And then you mentioned Montgomery?

Reene Currie

Oh I remember seeing General Montgomery there. He visited. He was giving the troops a little pep talk, you know, before... and he climbed up on to the top of a, a fifteen hundred truck and there he was laying off.

Ian Landles

You actually saw that and heard that?

Reene Currie

Yeah. But we were herded across the river. We weren't supposed to be there, you know, school children, eager to see Monty and eh the Redcaps kept chasing us, you know, and we finished up on the other side of the Slitrig.
